Task 8. Writing (max – 20)

"The best teachers are those who show you where to look but don't tell you what to see."

Alexandra K. Trenfor

"Teachers" play an essential role in the life of every child. They shape children's personality, help them to learn how to behave properly. But there is a wise ^{idea} point explained in the quotation given. ~~It says that~~ This quotation says that it is important to give kids some basic life skills and knowledge without making them think exactly the way the "teachers" do. 60

Personally, I absolutely agree with the author's point of view. Children are those people who have great imagination and they ^{are} usually really talented. The society of children is the best example of a "world" without problems that cannot be solved. Children always have a lot of ideas, sometimes a little bit crazy, but they do create something new! 120

Our writers have widely described this issue. For example, I.A. Goncharov in his novel "Oblomov"

shows us Ilysha's childhood. He ~~draws~~ draws our attention to the fact that the boy was really curious and active, he was willing to know everything. But his parents were lazy and lost their life sense. Their behavior impacted ~~much~~ Ilya a lot. He turned into a man without any interests and only wanted to rest on his sofa. 191

sp In conclusion, children are our future, they are our hope. That is why we all should let their creativity reach it's height. We just cannot make them lose the opportunity to change our world, to develop it and make it better. 232 w. 145.
